

**2011 NCBA Young Cattlemen's Conference
June 1-10, 2011**

Name: _____ Age: _____

Address: _____

Town: _____ State: _____ Zip: _____

Daytime Phone: _____ Evening Phone: _____

Type of Cattle Operation (e.g., commercial, seedstock, etc.): _____

Please describe your role in the operation: _____

*****You must be a current member of MSGA and NCBA to participate.*****

Please list your beef industry leadership activities, particularly Montana Stockgrowers or NCBA: (e.g., committees, Young Stockgrowers Conference, etc. Use another page if necessary.)

In no more than 200 words, please tell us **how you, as an individual member, can help MSGA address some of the issues facing the beef industry.** (Please answer on the back page.)

Please ask two people to send written references to MSGA/REEF at the following address:

Montana Stockgrowers Association/REEF
420 N. California St.
Helena, MT 59601
ariel@mtbeef.org
Fax (406) 449-5105

***Applications and references must be received at the MSGA office before
February 15, 2011.***

The NCBA Young Cattlemen's Conference, held in June, is an opportunity for cattlemen between the ages of 25 and 50 to visit segments of the beef industry in other parts of our nation with young cattlemen from other states. The MSGA Research, Education, and Endowment Foundation will ensure funding for the full cost of the tour (\$2,700) along with \$500 for travel expenses. Remaining expenses are the responsibility of the participant, who will be chosen from those who apply.

JOHN DEERE

Young Cattlemen's Conference

Background

With the beef industry changing so rapidly, identifying and educating leaders to help guide and strengthen the industry has never been so important. Because NCBA serves the grassroots trade association representing the U.S. beef cattle industry, it is our responsibility to see that leadership development is successful. That is why we continue to offer Young Cattlemen's Conference (YCC). The YCC tour has proven to be an effective vehicle in identifying and developing potential leaders. Over 1,000 cattlemen and women have graduated from the YCC program since its inception in 1980. Many of these alumni participate in committees and councils and even more serve on the board of directors. Several presidents and officers of NCBA and predecessor organizations have also participated in YCC. This program has become and will continue to be the cornerstone of leadership training efforts within the cattle industry.

PURPOSE

The primary objective is to develop leadership qualities in young cattlemen and expose them to all aspects of the beef industry. The tour helps these young leaders understand all areas of our industry ranging from industry structure to issues management, from production research to marketing. We would also request the participant commit to staying the entire trip.

QUALIFICATIONS

2011 will be the thirty-second year the tour has been conducted. This program has developed to such a level that these young men and women are heavily screened and only a few young industry leaders are able to attend. For an individual to participate in the YCC, he or she must be nominated by one of NCBA's affiliate members, be between the ages of 25 to 50 and be an NCBA member.

PROGRAM

The tour will begin in Denver with a comprehensive overview of the industry. The group will take an in-depth look at many of the issues affecting our industry and what NCBA is doing to address these issues on behalf of its members, plus receive a comprehensive view of market information from Cattle-Fax. The group will then travel to JBS Five Rivers' Kuner Feedyard, one of the nation's largest cattle feeding operations, a one-time capacity of over 100,000 head located in Northern Colorado. We will then tour the JBS Greeley facility, one of the nation's largest beef packing and processing plants. JBS will host the group and will be sharing with them their views of the beef industry from a processor standpoint. Chicago is the next destination. Here the group will visit the Chicago Board of Trade & OSI, Inc. one of the nation's premiere beef patty manufacturers. The participants will then travel to the nation's Capitol. Here they will get a chance to meet with their respective congressmen and senators. In addition, the group will visit with a number of regulatory agencies that make decisions affecting agriculture.

DATES

The 2011 tour will be from June 2-9, 2011. Participants will need to arrive in Denver on June 1st and may depart from Washington DC on June 10th.

COST

The NCBA Affiliate Member Organization is responsible for a portion of the costs. The total cost to each Affiliate Member Organization for their participant will be approximately \$2,700. A \$500 deposit will be required at the time of the nomination. NCBA will bill the affiliate member organization at the conclusion of the tour at which time the \$500 deposit will be subtracted* from the total cost. Keep in mind that the \$2,700 cost includes travel, hotel and meal expenses during the tour, but *does not include the airfare from home to Denver and from Washington D.C. to home*. The support from JBS, JBS Five Rivers, Elanco Animal Health and John Deere and NCBA sponsorship covers the remaining expenses. The deposit is non-refundable as of April 15, 2010.

NOMINATION PROCESS

Nomination must be submitted by a NCBA affiliate organization or affiliated national beef breed association. To find out how you can get involved, contact your state affiliate today!
