

# ASSOCIATION PRESIDENTS – 1884-2010

Since the beginning of the Montana Stockgrowers Association in 1884, 59 men have served as President, thus heading up the Executive Committee, charged with overall policy and operation of the organization. All pictures are here, from 1884 to 2010, except for S.F.B Biddle, member of the celebrated Philadelphia family who served in 1897 and for whom no picture is available. Two men, Wallis Huidekoper and J.M. Holt, occupied the office for two separate tenures. In the case of Huidekoper, there was an interval of 14 years between his terms. Most elected Presidents served for two years, but at their option, many served only one. Joseph Scott holds the record for the longest service, from 1889 through 1896.
